de bioélectrochimie

WINTER SCHOOL 2025

ELECTROCHEMISTRY FOR LIFE SCIENCES:
FROM BASICS TO ADVANCED BIOMOLECULE WIRING

January 13th-15th, 2025, Les Alpes, France

followed by

XVIIITH MEETING

GROUPE FRANÇAIS DE BIOÉLECTROCHIMIE

January 15th-17th, 2025, Les Alpes, France

INFORMATION AND PROGRAM

www.bioelectrochimie.fr

Registration fees including accommodation, lunches and dinners

Winter School + XVIIIth Meeting: PhD and Post Doc 550 €, Permanents 700€

Meeting: PhD and Post Doc 275 €, Permanents 400€

WINTER SCHOOL 2025

Basic concepts and collaborative workshops
dedicated to PhD, Technicians, Researchers

TOPICS

Simulation and modeling in electrochemistry

Lecturers

C. Costentin (Univ. Grenoble Alpes)

F. Mavr  (Univ. Paris Cit )

Tools/Methods

(Mapping/Electrochemical coupling)

Lecturers

N. Sojic (ISM, Univ. Bordeaux)

M. Guille-Collignon (ENS, PSL)

Electrodes bio-functionalization

Lecturers

A. de Poulpiquet (Univ Aix Marseille)

B Reuillard (Univ. Grenoble Alpes)

XVIIITH MEETING

GRUPE FRAN AIS DE BIO LECTROCHIMIE

TOPICS

(Photo)electrochemistry of proteins and biomimicry

Modified electrodes and biosensors

Biochips and integrated systems development

In situ and in operando bioelectrochemistry

Bioelectrosynthesis

Electrochemistry of cells and tissues

Biofilms and bio-corrosion

Invited Speakers

Christine Cavazza (CEA/Univ. Grenoble, Alpes)

Matteo Grattieri (Univ. Di Bari, Italie)

Estelle Leb gue (Univ. Nantes)

Ross D. Milton (Univ. Gen ve)

PRACTICAL INFORMATION

LOCATION

L'Escandille, 931 Route de la Sure, 38880 Autrans M audre en Vercors, France, escandille.com

ACCESS

On-demand free shuttle from/to Grenoble station

DATES

Abstract Submission Deadline September 30th, 2024, Registration deadline October 30th, 2024

www.bioelectrochimie.fr
